

Degrees Offered

Wilmington College offers the Bachelor of Arts (B.A.), and the Bachelor of Science (B.S.), degrees. B.S. degrees are awarded to students with majors in agriculture, biology, chemistry, equine business management, exercise science, sport management and education with licensure in vocational agriculture, or the other sciences. Students with majors in both the B.A. and B.S. areas of study, may elect either an B.A. or a B.S. degree. All other undergraduate fields of study are awarded B.A. degrees.
